**Distributors, suppliers and manufacturers of
packing materials and machinery**

WE ARE THE BEST OPTION IN PRICE, SERVICE AND QUALITY

MEF

➤With more than 20 years of experience in the field we can also offer recommendations for optimizing your packing solutions reducing costs and ensuring the integrity of the product.

➤We are manufacturers of plastic bubble wrapping, polyethylene and polystyrene foam. All this can be done in bags, roll or any form required by our client.

➤We are able to adapt to the necessity with presentation of samples, same-day delivery, stock at disposal, technical services, etc.

FIRST USE

Crystal-clear material, excellent option when you need to look at the product through the packaging. Made from pure, never before used polyethylene, best quality for every need.

POLYETHYLENE BAGS

We know how important the plastic bags are for the transportation of several products and that's why we've focused on providing the best quality for every need. Our wide range of bags goes from clear bags to coloured ones, with VCI additives, bellows and punctured.

High density polyethylene is also available!

Recycled

We do take the importance and respect necessary for our environment, that's why we also have recycling machinery to give second usage to some polyethylene products. This option is also cheaper for our clients!

Polyestylene foam

Roll, sheets of bags, we produce everything.

Our stock comes in the following measurements:
1/32", 1/16", 3/32", 1/8", 1/4",
1/2", 1", 1-1/2", 2", 2-1/2".

Bubble wrap

- Bubble measurements 3/16" and 1/2"
- Rolls from 60 cm to 1.5 m tall x 60 m or 120 m long
- Natural, coloured, antistatic material
- Bubble wrap bags up to 110 cm tall x "n" m long

Stretch wrap film

We have a lot of options when it comes to this

Transparent stretch film:

3" x 1000'

5" x 1000'

18" x 700'

18" x 800'

18" x 1000'

18" x 1200'

Coloured stretch film:

18" x 800'

Transparent stretch film
for automatic use:

20" x 4500'

20" x 5000'

Automatic and manual industrial wrappers

For 3" and 18" films

For 20" films

Steel strapping materials

You will have several strapping options with us, such as steel strapping, painted steel and galvanized steel, all of which can be found in the following measurements: 1/2", 3/4", 5/8", 1-1/4".

Other strapping materials

We count with other options in case what you need is other than steel:

- PET strap (polyester), 1/2", 5/8"
- Polypropylene strap, 1/2", 5/8"
- Polypropylene strap for automatic machine (3/8")
- Gator strap (knitted), 1"
- Prined and colored straps
